

# Alpine Academy

Your family's health is our priority.

By enrolling a child at Alpine, each family guarantees:

- Your child is current on all immunizations (or has a waiver) as required by the state of Michigan, and you will keep the immunizations current (or have a waiver) while he is attending Alpine Academy.
- Your child is in good health, he has no communicable diseases, and you will not bring him to school while he has communicable disease or is showing signs of having one.
- Some symptoms of communicable diseases are:
  - Red or running eyes
  - Pain or stiffness of neck
  - Headache
  - Sneezing and running nose
  - Persistent and productive cough
  - Sores and crusts
  - Difficult or rapid breathing
  - Skin eruption or rash
  - Sore throat
  - Swollen or tender glands
  - 100\* F fever or higher
  - Grey, white, dark, or tea-colored urine
  - Nausea
  - Vomiting
  - Yellow eyes or skin
  - Diarrhea or abdominal pain
  - Persistent itching
  - Unusual behavior
- You will check your child's temperature with a thermometer each day 30 to 60 minutes before bringing him to Alpine. If his temperature is 100\* F or above, you will inform Alpine immediately through email to the manager, and your child will not come to school for 72 hours.
- If your child exhibits a fever of 100\* F or above AND other symptoms of COVID-19 (persistent cough, rapid breathing, difficulty breathing, diarrhea, vomiting, chills, flushed cheeks, fatigue, or extreme fussiness) or any contagious disease similar in scope to COVID-19, you will inform Alpine immediately through email to the manager, and your child will not come to school until all symptoms have improved considerably and ten days have passed since the symptoms first appeared.
- If your child has been in close contact with anyone who has or develops COVID-19 or any contagious disease similar in scope to COVID-19, you will inform Alpine immediately through email to the manager, and you will not bring your child to school for 14 days after the moment of contact.
- If your child tests positive for COVID-19 or any contagious disease similar in scope to COVID-19, you will inform Alpine immediately through email to the manager, and your child will not come to school until he tests negative two times, at least seven days apart.
- If anybody in your child's household has close contact with anybody who has COVID-19 or any contagious disease similar in scope to COVID-19, you will inform Alpine immediately through email to the manager. Depending on the situation, your child may not be able to attend school for some time.
- If anybody in your child's household is or becomes a healthcare worker, first responder or other worker who routinely has contact with people who may have COVID-19 or any contagious disease similar in scope to COVID-19, you will inform Alpine immediately through email to the manager.
- If Alpine Academy asks you during drop-off to take your child home, you will do so.
- When you enroll, and any time after that, you will give us contact phone numbers through which we will be able to contact you within ten minutes, and if we ask you to pick up your child, you will pick him up within 30 minutes.
- If your child has a communicable disease, you will email the manager with his name, the name of the illness, the symptoms, and the dates of the symptoms (especially fever).
